**GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI
OFFICE OF THE COMMISSIONER OF EXCISE, ENT. & L. TAX DEPTT.
L & N BLOCK I.P. ESTATE: VIKAS BHAWAN, NEW DELHI**

No. F.1 (20)/CE/ESCIMS/2012-13/416-2)

Dated: 17/7/2013

ORDER

Based on the inputs and suggestions from Breweries Bonded Warehouse users, ESCIMS Process has been refined to handle IP Receiving, Breakage and TP Dispatch.

In the refined process:

- BWH user can receive stocks against an IP through **single HHT or multiple HHTs**
- BWH user can use **one HHT for multiple TPs** for TP dispatch
- Generation and Printing of Delivery Challan have been replaced with Delivery cum Transit Note containing TP wise scanned barcodes.
- In Breakage handling, damaged Cases will be repacked SKU wise rather than IP wise using HHT. Also SKU wise Breakage Duty shall be paid monthly.

To maximize the benefits and to comply with the ESCIMS requirement for streamlining the supply chain process, the complete BWH solution has been implemented in ESCIMS. All BWH Licensee are advised to start use of end to end BWH solution for their processes in order to get their user acquainted and ensure availability of necessary IT infrastructure for ESCIMS operations. The use of ESCIMS for all breweries BWH operations including TP dispatch and breakage handling shall be mandatory from 20th JULY 2013.

Breweries Bonded Warehouse Licensee must also ensure deployment of sufficient resources and infrastructure to carry out the activities for successful implementation of ESCIMS and complete functionality including capturing of dispatch bar code data against TP through the system are strictly followed. Any non compliance will result into stoppage of supply of liquor against TPs after 1st August 2013.

Further breakage handling of the new stocks received from 1st of June 2013 has to be handled on daily basis failing which action as per The Delhi Excise Rules, 2010 shall be initiated.

(Indu Shekhar Mishra)
Dy. Commissioner (Excise)

All L- 1 and L-31 Licensees
