

GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI
OFFICE OF THE COMMISSIONER OF EXCISE, ENT. & L. TAX DEPT.
L & N BLOCK I.P. ESTATE: VIKAS BHAWAN, NEW DELHI

No. F.I (40)/CE/ESCIMS/2012-13/1495

Dated: 07/06/13

ORDER

This department has earlier communicated (Annexure I) to Corporations regarding Go-live of the Excise Supply Chain Information Management system from 15th Feb 2013. The actions after Go-live for smooth transition were also included in that communication.

Excise department has now taken a review of the status of ESCIMS Go-live at the 47 Pilot Corporation Vends and accordingly decided that Corporations would be given time till 19th June 2013 to verify that necessary infrastructure is in place for ensuring sale through 'Point of Sale' Application.

Using of POS application will be mandatory for selling the stock from 20th June 2013 and no stock will be sold without scanning after this.

Corporations are advised to move existing 1D stock from the Pilot Corporation Vends to the Cluster 4 Corporation vends. Department will reconcile the stocks at Pilot Corporation Vends subsequently.

For Non Pilot corporation vends, Corporations to follow the below timelines as discussed in the meeting held between corporations and Department on 30th May 2013.

Phase	No. of Vends	Vend readiness	POS Deployment	Scanning date
Cluster 1	84	6-Jun-13	26-Jun-13	1-Jul-13
Cluster 2	111	26-Jun-13	21-Jul-13	25-Jul-13
Cluster 3	115	21-Jul-13	18-Aug-13	21-Aug-13
Cluster 4	120	18-Aug-13	17-Sep-13	20-Sep-13

For any further assistance, please contact help desk @ 0120-6144022 E-Mail: excisesupport.delhi@nic.in

Subj: Announcement of Go-Live date (15th Feb 2013) for Excise Supply Chain Information Management System (ESCIMS) by Delhi Excise (Corporation Vends)

Sir,

As you are aware, Delhi Excise is in process of implementing the Excise Supply Chain Management System to streamline the transport of liquor from distillery to Bonded Warehouse to Point of Sale. As part of this implementation, all the Department related services will be available on-line from ESCIMS system. The system is aimed to make the liquor distribution process more efficient, transparent, and smooth, and also to provide the hassle-free services to its stakeholders.

In the process of implementation, Excise department has been interacting with all stakeholders and have shared Standard Operating Procedure (SOP) documents, conducted several workshops, training sessions and field trials. The readiness requirements from each of the stakeholder were indicated in the SOP document. After considering the regular feedback on readiness of application and all stakeholders, Delhi Excise is pleased to announce the 'Go-Live' date of ESCIMS Project as 15th February 2013.

The ESCIMS Project will 'Go Live' on 15th Feb 2013.

After the implementation of ESCIMS project, the Corporations conducting their business in Delhi as per Delhi Excise act will be able to:

- Apply for new license, renewal and tracking through ESCIMS
- Place Purchase Order for Transport Permit.
- Make payments online via SBI net banking only.
- Vend has a provision to view Advance Shipment Notice (ASN) for the stock dispatch against TP from BWH
- Vend to receive stock against Transport Permit through ESCIMS
- Sale of liquor bottles through Point of Sale (POS) terminal
- Generation of vend registers and various reports through ESCIMS

Subsequent to the announcement of Go-live of ESCIMS system, following activities will commence for successful migration to the new system:

- ESCIMS User ID and Password will be shared with each stakeholder prior to Go-Live date at least 10 days in advance. Each stakeholder will be required to change the password on first login and also provide e-mail ID and contact details in the form provided for the purpose. After this it will be the responsibility of the user to keep username/password in safe custody

2. From Go-live date onwards, all payments will be done online via SBI Net Banking. Corporations need to have SBI accounts with internet banking activated for online payments
3. Any existing amount in current payee code will be processed separately by Department. After the Go-Live of ESCIMS, transactions will be recorded afresh without linking the earlier transaction from current payee code.

For Pilot Corporation Vends participating in 'Go Live'

4. Weekly / Ad-hoc Purchase order can be placed for the pilot vends
5. Corporations will provide the existing 1D bar-coded stock detail for the entire pilot vends with GTIN, SKU ID, Name, Size and bottle count for each pilot vend before 'Go Live' date - 15th Feb 2013
6. At point of sale, similar to 2D bar - coded bottles, 1D bar-coded bottle shall be sold after scanning through POS application

For Non Pilot Corporation Vends (Where Point of Sale terminal is not installed)

7. These vends can continue selling liquor bottles without scanning. Vends will required to provide one time complete stock count of the inventory to Delhi excise before readiness for 'Go Live'.
8. Corporation needs to place Ad-hoc purchase order for non pilot vends till individual vends are ready for "Go-Live"

For Non Pilot Corporation Vends (Where Point of Sale terminal installed)

9. Weekly / Ad-hoc Purchase order can be placed for the pilot vends.
10. Corporations will provide the existing 1D bar-coded stock detail for the non pilot vends with GTIN, SKU ID, Name, Size and bottle count before readiness for 'Go Live'
11. At point of sale, similar to 2D bar - coded bottles, 1D bar-coded bottle shall be sold after scanning through POS application once the POS terminal is installed
12. Corporations will be required to undertake following operational activities to comply to ESCIMS operational requirements
 - Maintain the vend details and inventory days required for processing of weekly PO
 - Vend to download the Advance Shipment Notice (ASN) corresponding to the TP against which the material is to be received.
 - Receive the materials through HHT scanner or alternately stock can also be received through ESCIMS screen (Without scanning). Inventory updation in ESCIMS application is necessary before bottles can be sold through POS.
 - Marking of damaged/broken bottles in ESCIMS.
 - Sale of liquor bottles through Point of Sale through scanning 2D bar code. Any bottle which is sold without scanning would continue showing in the vend inventory

In order to support the smooth transition and facilitating the stakeholders, M/s TCS has established a Helpdesk facility. Details of the helpdesk facility are as follows:

Email Address: escimsexcise.delhi@nic.in

Contact No: 0120-6144022

We hope you will appreciate that this initiative is to streamline the Delhi Excise system. We look forward for its success implementation and operations from 15th February 2013

Department has already issued an Order earlier for expeditious clearance of the Dead Stock. We are hopeful that the same would be completed by 31 Jan 13 under confirmation to the office.

It may be noted that post Go-live on 15th February 2013, PO will be raised only from new ESCIMS system. Subsequently other license related activities for FY 2013-14 will also be conducted online only.

Yours faithfully,

(Indu Shekhar Mishra)

Dy. Commissioner (Excise)
